

# Children's and Young Person's **AMBULATORY CARE EXPERI- ENCE**

Looking after poorly children at home

Wow... That sounds **ACE!!!!**

Did you know that your surgery now offers the ACE service to eligible children and families?

The ACE team look after children and young people (CYP) up to 16 years old who have become unwell with common illnesses like asthma and viral illnesses in their own home. We know that coming into hospital is difficult for many CYP and disruptive and costly for the whole family too. We therefore want to make sure that in Bradford we look after CYP, if appropriate and safe to do so, in their own home whenever possible. Some CYP will still need to be seen in hospital.

If you would like to know more about ACE please follow us on Twitter **@bthft\_ACE**, Facebook **Bthft ACE**, or ask your GP for more information.

If you would like to get in touch with the team please email **Attia.Gilani@bthft.nhs.uk**.

If you have used the service you can feedback your experience by following the link [https://www.surveymonkey.co.uk/r/ACE\\_Parent\\_Carer](https://www.surveymonkey.co.uk/r/ACE_Parent_Carer) .
