Key Options, Issues and Risks			
<p>The NHS Foundation Trust Code of Governance (the Code) was first published in 2006, revised in 2010, and further updated in 2014 as a result of the Health and Social Care Act 2012.</p> <p>The Code contains a relatively small number of statutory requirements, which the Foundation Trust must comply with. These are highlighted as such in the attached document. However, in general, the Code provides non-mandatory best practice advice. If the Foundation Trust is non-compliant then this does not constitute a breach of the provider license and, for the majority of provisions, the Foundation Trust is simply required to explain any deviation from the Code within the Annual Report. .</p>			
Analysis			
<p>A review of compliance with each provision has been undertaken by the Office of Governance and Corporate Affairs, and a summary of the findings with regard to each provision is attached in Appendix 1. It was determined that five of the provisions required additional detailed scrutiny from the IGRC to confirm the position for 2018/19. The five provisions were:</p> <p>A.1.1 - page 2 A.2.1 - page 6 B.1.1 - page 13 B.1.2 - page 13 B.4.2 - page 20</p> <p>The Annual Report will be used to set out the prescribed information and confirm compliance, or not, with the provisions as appropriate.</p>			
Recommendation			
The Board of Directors is asked to confirm the compliance statements with regard to each provision.
