Many current BTHFT policy documents contain references to the “Divisions” (Medicine, Surgery, Womens & Newborn) which were in place until 31st March 2019, when they were replaced by Clinical Business Units and Care Groups. Whilst the policies still remain valid, from 1st April 2019 all BTHFT policy should be applied in the context of the new organisational structure and its associated governance. Any queries about the application of the new governance to this policy document should be directed to the Director of Governance and Corporate Affairs.

## INTRODUCTION

The Code of Accountability for NHS Boards and Monitor's Code of Governance requires that there should be a formal schedule of matters specifically reserved to the Board. The purpose of this document is to define those powers specifically reserved to the Board. However, the Board remains accountable for all of its functions, including those delegated to the Chairman, Chief Executive and Board members, and will therefore receive information about the exercise of delegated functions to enable it to maintain a monitoring role.

All powers of the Foundation Trust which have not been retained as reserved by the Board or delegated to a committee shall be exercised on behalf of the Board by the Chief Executive. The Scheme of Delegation identifies any functions which the Chief Executive shall perform personally and those which are delegated to other Board members and officers. All powers delegated by the Chief Executive can be re-assured by him/her should the need arise.

In the absence of the Chief Executive the powers delegated to him/her may be exercised by the Chairman after having consulted at least two non-Executive Directors.

## GOVERNORS' LEGAL RESPONSIBILITIES

The Foundation Trust has a body of elected individuals that make up the Council of Governors. Governors have a number of legal rights and responsibilities. These include:

- the appointment or dismissal of the Chairman and non-Executive Directors
- the approval of the appointment of the Chief Executive
- at a general meeting the Council of Governors will:
  - receive the annual accounts, annual report, quality report and annual audit letter from the external auditors
  - approve the remuneration and allowances and other terms and conditions of the office of the Chairman and non-Executive Directors
  - appoint or replace the Foundation Trust's auditor at a general meeting
- providing the views of the Council of Governors to the Board for the purposes of the preparation by the Board of the document containing information as to the Foundation Trust's forward planning in respect of each Financial Year to be given to Monitor
- receiving and considering the views of the Members on matters of significance to the future plans of the Foundation Trust
- approval of any amendments to the Constitution
- hold the non-Executive Directors individually and collectively to account for the performance of the Board of Directors
- represent the interests of the NHS Foundation Trust members and the public served by the Foundation Trust
- approving significant transactions that fall within the definition
- appointment and removal of the External Auditors
- approval of the increase in non-NHS income where it is 5% or more in any one year

A 'Council of Governors Engagement Policy' is in place for those circumstances where the council has concerns about the performance of the Board of Directors, compliance with the provider licence, or other matters related to the general wellbeing of the NHS Foundation Trust.

The following delegation table below provides a framework for decision making responsibilities within the Foundation Trust. Directors are responsible for ensuring that all staff operates within the Scheme of Delegation and in accordance with Standing Orders and Standing Financial Instructions. The Scheme of Delegation identifies the lowest level to which a particular responsibility may be delegated. There is no requirement for Directors to delegate to this level.

The levels of management/delegation referred to in this scheme are as follows:

- Chief Executive (In the absence of the Chief Executive, urgent matters may be dealt with by the Chairman after having consulted at least two non-Executive Directors).

The Finance Department maintain a register of authorised signatories and will require sample signatures to support the register.
