

BRADFORD HOSPITALS CHARITY TERMS OF REFERENCE

CHARITABLE FUND COMMITTEE – TERMS OF REFERENCE

1. Status and overall purpose of the Charitable Fund Committee

The Charitable Fund Committee (“the Committee”) is a Committee of the Board of Directors. Its purpose is to give additional assurance to the Board that the Trust’s charitable activities are within the law and regulations set by the Charity Commissioners for England and Wales and to ensure compliance with the charity’s own governing document.

It does not remove from the Board the overall responsibility for this area but provides a forum for a more detailed consideration of charitable matters and allows for direct contact with the Charity Commissioners where necessary.

2. Scope of Authority

The Committee is authorised by the Board of Directors to monitor all aspects of charitable activity within Bradford Teaching Hospitals as set out within its governing document registered with the Charity Commission.

The Committee is authorised by the Board of Directors to obtain as and when required external independent professional advice through normal business processes and to secure the attendance of outside parties with relevant experience and expertise if this is considered to be appropriate.

3. Scope and Objects of the Charity

The Charity has as its sole objective to use its funds:

“For any charitable purpose or purposes relating to the NHS wholly or mainly for the services provided by Bradford Teaching Hospitals NHS Foundation Trust”.

The Charity seeks to achieve this objective, giving consideration to general guidance on public benefit, by two main routes.

Firstly, the Corporate Trustee works to identify significant projects to which it can contribute or which it can wholly fund. It actively enhances the refurbishment of wards and clinical areas from basic specifications to higher quality.

Secondly, there are hundreds of staff working at a sub-fund level to identify small but valuable differences where Charitable Fund monies can deliver benefits to patients / staff, such as attendances at extra training courses or conferences.

4. What is Public Benefit?

To be charitable, spending must demonstrate sufficient public benefit in what it aims to achieve.

Patient focused expenditure within the NHS (unless directed mainly towards private patients) will generally meet this public benefit test.

5. Corporate Strategy

To achieve the strategic objectives of the Charity, the Trustee’s priorities should be:

1. To provide outstanding care for patients

2. To deliver our financial plan and key performance targets
3. To be in the top 20% of employers in the NHS
4. To be a continually learning organisation
5. To collaborate effectively with local and regional partners
