Dear Mel,

19 October 2021

**Bradford Teaching Hospitals NHS Foundation Trust: NHS system oversight framework segmentation**

NHS England and NHS Improvement (NHSEI) consulted earlier this year on the NHS System Oversight Framework (SOF) for 2021/22, which introduced a new approach to provide focused assistance to organisations and systems. The final SOF can be found [here](#).

Following consideration by the NHSEI North East and Yorkshire regional support group, it has been confirmed that Bradford Teaching Hospitals NHS Foundation Trust is placed into segment 2 in accordance with the requirements of the SOF for 2021/22.

This segmentation will be published in due course as part of a national list for all providers and systems.

We recognise and thank you for the efforts of you and your teams to provide the best quality care to our patients, including meeting and recovering from the additional challenges COVID-19 has posed.

If you wish to discuss the above or any related issues in more detail, please contact Andrew Morgan [Andrew.Morgan9@nhs.net](mailto:Andrew.Morgan9@nhs.net) – Head of Planning and Regulation for NEY region - in the first instance.

Yours Sincerely,

**Leaf Mobbs**  
Regional Director of Performance  
& Improvement

**Tim Savage**  
Regional Director of  
Finance
