

Standing Financial Instructions

Many current BTHFT policy documents contain references to the “Divisions” (Medicine, Surgery, Womens & Newborn) which were in place until 31st March 2019, when they were replaced by Clinical Business Units and Care Groups. Whilst the policies still remain valid, from 1st April 2019 all BTHFT policy should be applied in the context of the new organisational structure and its associated governance. Foreword

The National Health Service Act 2006 as amended by Health and Social Care Act 2012 and the Foundation Trust's Constitution require that all the powers of the Foundation Trust are exercisable by the Board on its behalf. Standing Orders, Reservation of Powers to the Board and Scheme of Delegation, together with these Standing Financial Instructions and such other locally generated rules and instructions, including financial procedure notes, as may exist for use within the Foundation Trust provide a regulatory and business framework for the conduct of the Board. Collectively these documents must comprehensively cover all aspects of financial management and control. In effect, they set the business rules which Board members and officers must follow when taking action on behalf of the Board.

1 Introduction

1.1 General

- 1.1.1 These Standing Financial Instructions detail the financial responsibilities, policies and procedures adopted by the Foundation Trust. They are designed to ensure that the Foundation Trust's financial transactions are carried out in accordance with the law and Government policy in order to achieve probity, accuracy, economy, efficiency and effectiveness. They should be used in conjunction with the Reservation of Powers to the Board and Scheme of Delegation adopted by the Foundation Trust. As stated in Standing Order No.4.7, they shall have effect as if incorporated in the Standing Orders of the Foundation Trust.
- 1.1.2 These Standing Financial Instructions identify the financial responsibilities which apply to everyone working for the Foundation Trust and its constituent organisations including Trading Units. They do not provide detailed procedural advice and should be read in conjunction with the detailed departmental and financial procedure notes. All financial procedures must be approved by the Director of Finance.
- 1.1.3 Should any difficulties arise regarding the interpretation or application of any of the Standing Financial Instructions then the advice of the Director of Finance must be sought before acting. All Foundation Trust staff involved in the management of Foundation Trust funds or committing the Foundation Trust to expenditure must be familiar with and comply with the provisions of the Foundation Trust's Standing Orders and these Standing Financial Instructions.
- 1.1.4 **The failure to comply with these Standing Financial Instructions and the Foundation Trust's Standing Orders can in certain circumstances be regarded as a disciplinary matter which could result in dismissal.**
- 1.1.5 **Overriding Standing Financial Instructions** – If for any reason these Standing Financial Instructions are not complied with, full details of the non-compliance and any justification for non-compliance and the circumstances around the non-compliance shall be reported to the next formal meeting of the Audit and Assurance Committee for referring action or ratification. The Board and all staff have a duty to disclose any non-compliance with these Standing Financial Instructions to the Director of Finance as soon as possible.
- 1.1.6 **Outsourced Services** – Where any operation is carried out on the Foundation Trust's behalf by NHS Shared Business Services or any other Board approved outsourced service provider, detailed procedures will be the responsibility of such a provider. The following are the principal areas for which some or all processes are currently the responsibility of such a provider:
- Accounts payable;
 - Accounts receivable;
 - Treasury and cash;
 - General ledger;
 - VAT services;

- IT system administration services.

These may be subject to variation.

However, the ultimate responsibility lies with the Foundation Trust to ensure prior to award or renewal of any contract, that they are satisfied that the detailed procedures exist and are sufficiently robust through its contract management processes.

16 Charitable Funds - Funds held on Trust

16.1 INTRODUCTION

16.1.1 The discharge of the Charitable Fund's corporate trustee responsibilities are distinct from its responsibilities for corporate funds and may not necessarily be discharged in the same manner, but there must still be adherence to the overriding general principles of financial regularity, prudence and propriety. In particular, the purchasing rules and delegated financial limits that apply to Trust purchasing also apply to charitable funds purchasing. These delegated limits, including the associated authorisation requirements, are summarised in the Bradford Hospitals Charity Policy. Trustee responsibilities cover both charitable and non-charitable purposes. The Director of Finance shall ensure that each fund is managed appropriately with regard to its purpose and to its requirements.

16.1.2 The Director of Finance is responsible for ensuring that these SFIs are applied.

16.1.3 The Charitable Funds Committee (CFC) is a Committee of the Corporate Trustee of the Charitable Funds (the Trust's Board of Directors). Its purpose is to undertake the routine management of the Charitable Funds and to give additional assurance to the Trustee that the Trust's Charitable activities are within the law and regulations set by the Charity Commissioners for England and Wales. The CFC on behalf of the Charitable Trustee is responsible for fundraising in compliance with all statutes and regulations. The Directors with responsibility for Fundraising and Finance will advise the CFC.

16.2 EXISTING CHARITABLE FUNDS

16.2.1 The Director of Finance shall arrange for the administration of all existing charitable funds. He shall ensure that a governing instrument exists for every charitable fund and shall produce detailed codes of procedure covering every aspect of the financial management of funds held on trust, for the guidance of directors and officers. Such guidelines shall identify the restricted nature of certain funds where applicable.

16.2.2 The Director of Finance shall periodically review the funds in existence and shall make recommendations to the Charitable Fund's corporate trustees regarding the potential for rationalisation of such funds within statutory guidelines.

16.2.3 The Director of Finance may recommend an increase in the number of funds where this is consistent with the Charitable Funds corporate trustee policy for ensuring the safe and appropriate management of restricted funds, eg, designation for specific wards or departments.

16.3 NEW CHARITABLE FUNDS

- 16.3.1 The Director of Finance shall arrange for the creation of a new charitable fund where funds and/or other assets, received in accordance with the Charitable Funds corporate trustee's policies, cannot adequately be managed as part of an existing fund.
- 16.3.2 Where no fund matches a donor's specific purpose the advice of the CFC should be sought to establish if a new fund is required or whether the donation should be rejected if the donor's wishes cannot be accommodated.

21.5.1 As a general rule, the procurement of any and all goods, services and works by or on behalf of the Foundation Trust must be tendered in an open, transparent and fair manner and so as to promote economy, efficiency and effectiveness in the Foundation Trust’s expenditure.

21.5.2 The relevant tender process to be followed depends on the estimated total value of the proposed contract (including any extension period but excluding VAT).

21.5.3 In limited circumstances, the requirement for competitive tendering may be waived in accordance with the provisions of paragraph 21.5.9 below.

21.5.4 Once awarded, all contracts with an aggregate value of over £25,000 must be advertised on Contracts Finder.

21.6 Procurements below £10,000

21.6.1 There is no requirement for competitive quotes or a formal tender process for the purchase of goods, services or works with an estimated value of less than £10,000 (excluding VAT). The budget holder must, however, be able to demonstrate (and evidence) that the purchase represents good value for money.

21.7 Procurements between £10,000 and £25,000

21.7.1 The purchase of goods, services or works with an estimated value of more than £10,000 (excluding VAT) but less than £25,000 (excluding VAT) requires a minimum of 3 quotations to be obtained (or where the market is limited such lower number as may be reasonably practicable provided this is notified to, and approved by, the Strategic Head of Procurement).

21.8 Procurements between £25,000 and the PCR 2015 Procurement Threshold

21.8.1 The purchase of goods, services or works with an estimated value of more than £25,000 (excluding VAT) but less than the procurement threshold (currently £189,330 (excluding VAT)) requires a formal tendering process.

21.9 Procurements above the PCR 2015 Procurement Threshold

21.9.1 The purchase of goods, services or works with an estimated value in excess of the

PCR 2015 threshold for the procurement of goods and services (currently £189,330 (excluding VAT)) requires a full formal tendering process in accordance with the procedures and timescales set out in the PCR 2015. The requirement to tender in these circumstances is an absolute obligation which cannot be waived.

21.10 Exceptions to Competitive Tendering Requirements

21.10.1 For proposed tenders with an estimated aggregate value (including any extension period but excluding VAT) that is below the threshold for the procurement of goods and services as set pursuant to PCR 2015 (currently, £189,330), competitive tendering procedures may be waived where it can be established to the reasonable satisfaction of the Strategic Head of Procurement that:

- (a) there is an urgent or emergency requirement and the timescales genuinely preclude competitive tendering (note: the failure to plan procurement activity in a timely manner is not a justification for seeking to rely on this ground);
- (b) there is only one supplier and there is no reasonably satisfactory alternative supply;
- (c) the requirement is essential to complete an existing project and engaging a different supplier for the requirement would lead to a technically inferior outcome;
- (d) there is a clear benefit to be gained from maintaining continuity with an earlier project; however, in such cases, the benefits of such continuity must outweigh any potential financial advantage to be gained by competitive tendering;
- (e) the supply is of legal advice and services, provided that any legal firm commissioned by the Foundation Trust is regulated by the Solicitors Regulation Authority for the conduct of its business (or by the Bar Council for England and Wales in relation to the obtaining of Counsel's opinion) and is generally recognised as having sufficient expertise in the area of work for which it is commissioned. The Strategic Head of Procurement will ensure that any fees paid are reasonable and within commonly accepted rates for such work;
- (f) a consortium or a national arrangement is in place and a lead organisation has been appointed to carry out tendering activity on behalf of the consortium members.

21.10.2 A budget holder or procurement officer seeking to rely on an exception to the competitive quote/ tendering requirements as otherwise required by these Standing Financial Instructions must complete a Waiver of Tender Application Form which must be approved by the Strategic Head of Procurement prior to any supplier being awarded a contract.

21.10.3 An exception to competitive tendering requirements should not be used to avoid competition or for administrative convenience or to award further work to a supplier originally appointed through a competitive procedure.

21.11 National Arrangements and Framework Agreements

21.11.1 Where a national arrangement for the supply of goods and services has been established by or on behalf of the Department of Health and Social Care in compliance with PCR 2015 and all other applicable laws for the benefit and use of

NHS providers, the Foundation Trust may utilise such national arrangement in lieu of an open competitive tendering process.

21.11.2 Where a Framework Agreement has been established by or on behalf of the Foundation Trust or by a third party (but to which the Foundation Trust has secured access) in accordance with the requirements of the PCR 2015, then the Foundation Trust may utilise such Framework Agreement in lieu of an open competitive tendering process provided that the Foundation Trust complies with the requirements of the relevant Framework Agreement in awarding a contract pursuant to it.

21.12 Building, Engineering & Construction Works

21.12.1 For the avoidance of doubt, the competitive tendering requirements set out in these Standing Financial Instructions shall apply to the procurement of building, engineering construction works.

21.13 Estimated Contract Values

21.13.1 All estimates of contract values for the purpose of establishing the appropriate procurement route must be made in good faith and supported by appropriate documentary evidence. Contract values should include any extension period allowed under the proposed contract but exclude any applicable VAT. Where, subsequent to the commencement of a procurement process, it transpires that an estimated contract value breaches a financial threshold then such procurement shall be cancelled and recommenced using the appropriate procurement route unless the Strategic Head of Procurement is satisfied that, on balance, it is in the interests of the Foundation Trust to continue with the existing procurement.

21.14 Contract Variations & Extensions

21.14.1 Contract variations and extensions are allowed only in the following limited circumstances:

- (a) where the modifications have been provided for in the original procurement documents in clear, precise and unequivocal terms;
- (b) for additional goods, services or works that have become necessary and were not included in the initial procurement, where a change of contractor:
 - (i) cannot be made for economic or technical reasons; or
 - (ii) would cause significant inconvenience or substantial duplication of costs, provided that any increase in price does not exceed 50% of the value of the original contract;
- (c) where:
 - (i) the need for the modification has been brought about by circumstances which could not have been foreseen; and
 - (ii) the modification does not alter the overall nature of the contract, provided

that, any increase in price does not exceed 50% of the value of the original contract;

(d) where the modification does not:

- (i) render the contract materially different in scope or character from the one originally concluded;
- (ii) introduce any terms or conditions which, had they been part of the original procurement, would have impacted on the participation in that procurement;
or
- (iii) change the economic balance of the contract in favour of the supplier.

21.14.2 A budget holder or procurement officer seeking to vary or extend a contract must complete a Contract Variation or Extension Form which in respect of any contract with a value:

- (a) up to the PCR 2015 threshold for the procurement of goods and services (currently £189,330), must be approved by the Strategic Head of Procurement; and
- (b) greater than the PCR 2015 threshold for the procurement of goods and services (currently £189,330), must be approved by the Strategic Head of Procurement and the Director of Finance,

21.14.3 prior to any supplier being awarded such variation or extension to a contract.

21.15 Evaluation of Tenders

21.15.1 Tenders must be evaluated strictly in accordance with the evaluation criteria and scoring methodology disclosed to the bidders in the tender documents.

21.15.2 The evaluation criteria must be based on securing the Most Economically Advantageous Tender (MEAT), taking into account both cost and quality. A weighting of less than 40% cannot be allocated to the cost criterion without the prior written agreement of the Strategic Head of Procurement. Total life cycle costing should be included, wherever possible.

21.16 Awarding of Contracts

21.16.1 Provided that all the conditions and requirements set out in these Standing Financial Instructions have been complied with, formal authorisation and awarding of a contract must be undertaken by levels of staff appropriate to the value of the contract as set out in the Scheme of Delegation.

21.17 Engagement of Staff & Pay Rates

21.17.1 The Chief Executive shall nominate officers with delegated authority to enter into contracts of employment regarding staff, agency staff or temporary staff service contracts.

and medical and dental paycales may only be done with the prior written approval of the Director of Finance and the Director of Human Resources.

21.18.1 A contract for the supply of goods, services or works may only be cancelled prior to the expiry of its term with the prior written approval of the Strategic Head of Procurement.

21.19 Procurement Manual

21.19.1 The detailed procurement processes and procedures set out in the Foundation Trust's Procurement Manual, as amended and updated from time to time with the approval of the Strategic Head of Procurement, must be followed save to the extent otherwise agreed in advance and in writing with the Strategic Head of Procurement.

21.20 Disposals (see also SFI 13, Disposals and Condemnations, Losses and Special Payments)

21.20.1 Tendering or quotation procedures shall not apply to the disposal of:

21.21 In-House Services

21.21.1 The Chief Executive shall be responsible for ensuring that best value for money can be demonstrated for all services provided on an in-house basis. The Foundation Trust may also determine from time to time that in-house services should be market tested.

21.21.2 The findings shall be documented and reported to the Director of Finance, for onward communication to the Board.
