

Bradford Teaching Hospitals
NHS Foundation Trust

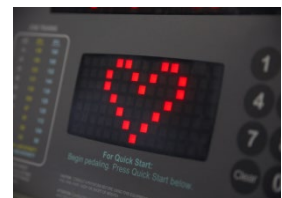

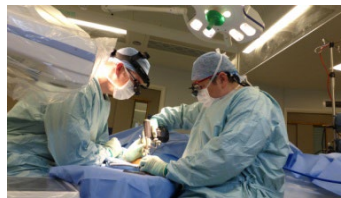

Quality and Patient Safety Academy

25th May 2022

Safeguarding Children

Jemma Tesseyman

Named Nurse Safeguarding Children

Together, putting patients first

Learning

- Mental health increase in attendances. Improvements have been made- CAMHS huddles, Crisis Pathway, further work is required
- Training- compliance down- adapting to new ways to engage staff and deliver training- targeted response!
- National review for Star Hobson- Trust supporting this Child safeguarding Practice Review. Identified learning shared within the organisation
- Learning from the Thematic Safeguarding Review into Child Sexual Exploitation (CSE)- now the theme of BTHFT's contribution to Safeguarding week- Book your place now!

Improvement

Bradford Teaching Hospitals
NHS Foundation Trust

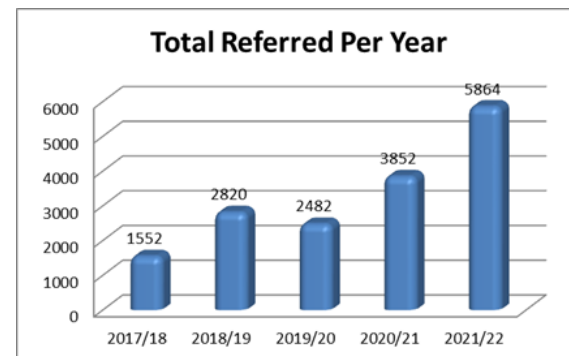

- New initiatives for Children's Mental Health
- Policy development- Guideline for the Clinical Management of Distressed, agitated and violent patients under the age of 18- Awaiting final sign off.
- Child Exploitation- increased staff awareness, VRU pilot in ED
- Partnership working- Commitment to multi agency improvement plans
- Improved communication with staff and other agencies

Assurance

- Increase in referrals- Staff recognising and responding to safeguarding. Lets all shout about safeguarding- Twitter
- Full Safeguarding Children's policy review and update
- Learning from Child Safeguarding Practice Reviews (CSPR's) is shared across the organisation
- Multi-agency and partnership working to continue to support improvements to practice- huge focus on Child Exploitation and Mental Health!
- Continued commitment to delivering safeguarding training
- Work plan and Audit strategy for 2022/23
