Could it happen Here ?

- Closed cultures
- Services being for the staff and not patient centred
- Inflexibility
- Non identified risks

What we have

**SAFEGUARDING
ADULTS
BRADFORD**

- Freedom to Speak up
- Duty of Candour
- Training
- Visible leadership
- Specialist Teams

What we need

- To learn
- To question
- To be brave
- To ask ourselves “if this was me”
- To work in partnership
- To trust our instincts
- To recognise we are ‘experts’ in our field but not necessarily experts in the patients in front of us
