30/06/2023	T&A article: Plans to move services	https://www.thetelegraphandargus.co.uk/news/23623502.plans-move-services-shipley-hospital-move-ahead	n/a	<p>“prime site for a property developer that, very popular location at the moment”</p> <p>“Strange don't the NHS keep saying we should be getting exercise walking to local facilities and there closing the local facilities down forcing people to drive. I've been to the Eccleshill facility and it's a pain to get to by public transport. West Yorkshire Combined Authority has declared a climate emergency and Bradford District and Craven Health Care Partnership are forcing people into cars, not join up thinking!”</p> <p>“Westbourne Green in the middle of Manningham, the closer of the two would be a roundabout two bus journey from the centre of Shipley taking goodness knows how long or a Taxi at around £8 each way and Eccleshill Community Hospital likewise is a two bus journey or a taxi at around £8-£10 each way. The main hospitals are already much the same, difficult to get to without transport.”</p> <p>“Agree, first it was Salts Hospital now this. Why not rebuild or extend on the same site, it is surely big enough. Saying this not just because I was born there but location, location, location.”</p>

12/07/2023	We're planning to move community therapy services from #Shipley Hospital to alternative sites in and around north Bradford to provide the best possible care. This afternoon, we've been at Shipley Library talking to people about the services	BDC HCP facebook	1 comment 6 likes 17 shares	"Concerned if physio only at Eccleshill or BRI. Both inaccessible by public transport from north Bradford."

13/07/2023	"Speak up now on proposals to close Shipley Hospital and relocate services elsewhere - not that easy to travel to from the north bradford corridor! Link to info and survey below" posted by member of the community	Shipley Community Noticeboard facebook		"Please take part in this process to try to retain NHS services in Shipley."
13/07/2023	"Speak up now on proposals to close Shipley Hospital and relocate services elsewhere - not that easy to travel to from the north bradford corridor	Baildon Community Group	6 likes 37 comments	"Definitely not they may as well start closing the doctors too as you have a hell of a job getting an appointment and if you have to get to a hospital and t are too old to drive it cost a lot of money in taxes or you have to try and get on more than one bus. Being disabled is a very painful thing to travel and stand waiting. They may think things are for the better but

	<p>! Link to info and survey below</p> <p>https://engagebdc.com/shi-pley-hospital” member of the community</p>			<p>believe me they are not. They don't have any trouble putting our poll tax up every year do they. I could go on about it but in the end they will do just what they want.”</p> <p>“A lovely hospital, definitely should stay open.”</p> <p>“Keep it open,”</p> <p>“They have allowed it to become so damaged the argument will be that there's no money for refurbishment. Will be a great loss...Norman Rae will be turning in his grave.”</p> <p>“Thanks for sharing, will fill out the survey. It's really difficult for people to travel to St Luke's for X-rays also given that the Ilkley to Bradford train is hourly off peak and there are going to be changes to the Baildon to Bradford bus service too.”</p> <p>“Survey completed on keeping it open. Not that easy for less mobile people who don't drive to get to the proposed locations”</p>
21/07/2023	<p>We're planning to move community therapy services from #Shipley Hospital to alternative sites in and around north Bradford to provide the best possible care.</p> <p>Our final drop-in event will take place online on Tuesday 25 July at 6pm to 7.30pm</p>	<p>BDC HCP post in Shipley People Can FB group</p>	<p>3 comments 3 shares</p>	<p>“It won't open the link to give my views online”</p> <p>Our reply: “Hi. I'm sorry to hear the link won't work for you. If you're still having trouble please email engage@bradford.nhs.uk and we'll send you the survey.</p> <p>We're also hosting an online session tomorrow (25 July) 6pm to 7.30pm, where you can come along to ask questions and share your views - just email engage@bradford.nhs.uk to register. Thanks”</p>

03/08/2023	Shared above post in Baildon Community facebook group	Baildon Community Group	18 likes 12 comments	"I filled it in a while ago and heard no response from the survey, what are they up to now ???". BDC HCP team responded by describing the next steps.

				<p>“Such a loss of a great building...gifted to the Shipley community & allowed to rot.”</p> <p>“Such a great loss to this area,”</p> <p>“Missed the survey. How does that benefit people centralising services. More traffic into Bradford I am assuming that's where it will end up. Cars ,driving around looking for somewhere to park. You don't need physio when you are fit and well.Good bus and train links where it is”</p> <p>“This place was fantastic to get help out of GP hours when my children were really young. We didn't have a car at the time so couldn't get up to BRI easily. We need more small urgent treatment centres to take the strain off A&E.”</p>
